BlackBerry®

With the BlackBerry® Storm from Parkway Telecom, users can stay connected to everything that matters

The Perfect Storm...

Cutting Edge Touch Screen - Expand your horizons with its incredible screen resolution and advanced touch-screen technology that lets you feel as though you've pressed a button.

Control the Storm - Dynamic navigation and movement through point, click and drag, virtual QWERTY or Suretype® keyboard and automatic screen adjustment for landscape or portrait handling.

The Ultimate Business Tool - Stay in-touch, with a touch, thanks to BlackBerry - a world-leading Mobile Email solution that provides instant access to business and personal email, attachment viewing/editing and synchronisation and access to office tools.

The Electric Storm...

Picture the Storm - 3.2MP camera with flash and zoom and video capturing.

Sat Nav, assisted GPS & BlackBerry® Maps - Never get lost with maps.

Stay Socially Connected - Access a host of communities including Facebook®, Windows Live™ Messenger and Yahoo® Messenger.

Surf the Storm - Experience internet browsing with Vodafone, the UK's fastest and most reliable network.

Multimedia at a touch - From video streaming to synchronisation with iTunes®, news and entertainment are a touch away.

Full Phone Features - Call, MMS, SMS, speakerphone, Bluetooth and even the ability to use the device as a wireless modem on a laptop!

The new Dell® Inspiron Mini 9 - It might be small but it's packed with powerful features

The Dell® Inspiron Mini 9 Netbook is the perfect choice for business customers who want to work and keep in touch on the move.

It's email and internet on the move, only better

There are plenty of devices which provide remote email and internet access - but none as efficient as this superb Netbook.

With a 9" screen and full keyboard it's easy to work with spreadsheets, watch video downloads and use complex functions.

And because it has built in Mobile Broadband there's no need for additional modems, wires or connections to a VPN server.

USB Broadband devices - a simple and compact email on the move solution

Vodafone Mobile Connect

Designed exclusively for Vodafone, this is our smallest sleekest plug and go device.

This tiny device has a memory card slot and the latest design now includes a retractable USB connector that plugs into your PC or Mac's USB port.

When you plug a USB Modem into a laptop, it connects you to the web instantly. When you're done, you can slip it in your pocket, or clip it on your keyring, ready to access the internet anytime.

Can I get all my telecoms from one company?

YES
